

## Hornsea Pottery Timeline - New Publication

Hornsea Museum is pleased to offer for sale copies of a 'Timeline' depicting production periods for all the lines produced at Hornsea Pottery between 1966 and 2000. It clearly shows the different eras.

Dr. Stuart Walker at the museum said: "Compiling the chart has been a daunting task for the team involved, but now that it is complete, and a copy hanging in the office, we find it invaluable, as I'm certain collectors will too."

Measuring 470mm x 675mm, the chart is printed on 160 gsm silk paper and costs just £6.00 plus P & P.

The Hornsea Pottery Timeline is available to view here as a .pdf document.
